**BUILDING MATERIALS
CELL TOWERS
TELE COMMUNICATION WORK
ROOFERS DELIGHT
STEEL ERECTION
HVAC EQUIPMENT
AND SO ON...**

NYC CITY APPROVED
NYC CD #5715

WE ARE HAPPY TO ANNOUNCE THAT WE HAVE A NEW ADDITION TO OUR CRANE FAMILY

ALTEC AC45E-127S

- 🔧 This crane has a 45 ton capacity with 127' of main boom and up to 182' with a offsettable 2 stage jib.
- 🔧 With the new style quick attach fixed man basket that can reach a tip height of 190'.
- 🔧 We worked closely with the factory engineers on this model. It is mounted on a 6 axle Peterbilt carrier, meeting Federal Bridge Laws and travel permits are not required.
- 🔧 To help with those hills, we added some muscle under the hood having a 515 HP engine to reduce travel time.
- 🔧 It's well equipped with numerous lights to make the night jobs easier on all of us.
- 🔧 Loaded with extensive safety features, along with a wind anemometer.
- 🔧 All load charts and specifications are available on our website for you to take a look
